

Circular Letter No. 100

April 13, 1910.

To Supervising Principals:-

We are sending you herewith a form for report on the teaching of English. Please make a separate report for each municipality of your district and return it to this office not later than May 30th.

A room or a grade is taught wholly in English when English is used as the medium of instruction in all classes except the Spanish class. A room or a grade is taught partly in English when the English Language is used as the medium of instruction in some classes besides the English class and Spanish in others. English is taught as a special subject only, when the English Language is not used as the medium of instruction in any class except the English class.

Respectfully,

EDWIN G. DEXTER
Commissioner of Education
